## PURPOSE

**Nurse Training Australia (NTA) has adopted the National Code Standard 10 Course Progress policy.** This means students will be made aware of our policy and procedures for recording and monitoring course progress then proactively notifying and counselling students who are at risk of failing to meet course progress requirements. As a registered CRICOS provider we are obliged to report students, under section 19 of the ESOS Act, who have breached the course progress requirements.

NTA has adopted the Department of Education -DIBP Course Progress Policy for overseas students enrolled in the College's VET courses.

NTA will comply with this Course Progress Policy and refer to the guidelines in its procedures and staff training. The Department of Education -DIBP guidelines read in conjunction with this policy

## Implementation

The **Directors** is ultimately responsible for students being made aware of their visa obligations and ensuring that the College complies with the ESOS Act and National Code in relation to these matters.

The **Administration and Compliance Manager** is responsible for day to day administration of the course progress records, the database and reports and PRISMS entry.

The Administration and Compliance Manager communicates and counsels the students and manages the intervention, complaints and appeals processes.

The **Director of Studies** is responsible for monitoring expected study load and results and course progress and communicating with the Administration and Compliance Manager regarding attendance, course progress and intervention and reporting.

The Director of Studies deals with academic complaints and appeals.

## PROCESS

### **VET Academic Course Progress**

Department of Education -DIBP **Course Progress Policy is adopted**

We will provide staff with the Department of Education -DIBP Course Progress Policy.

#### **Study period**

The study period for course progress is 1 term of 9 weeks.

#### **Two consecutive study periods for reporting purposes**

Reporting a student for unsatisfactory course progress occurs only when the student has been identified as not making satisfactory course progress in 2 (two) consecutive study periods.

Where the course is a short course (less than 6 months) then the study period is the length of the course.

NTA Unsatisfactory course progress is failure in 50% of the units over the study period. We will also monitor attendance. Attendance is expected to be maintained as set out in the timetables. Student will sign the attendance record in each class under the supervision of the trainer.

Attendance is entered in the Student Management System and reports are generated for non-attendance every 4 weeks. This report provides attendance statistics to the Administration and Compliance Manager and the Director of Studies. This information informs the intervention decisions.

#### **Staff training in the procedures**

Staff will be trained in this policy and integrate it into NTA procedures for student and course administration. Staff will be made aware of their responsibility to ensure students sign attendance at the class.

Staff will be made aware of providing information at the start of each unit on the attendance requirements in that unit including assessment dates and times.

#### **Advise to students on how the course progress will be marked and recorded**

NTA must record, assess and monitor the course progress of each student for each unit of the course for which the student is enrolled over each study period.

The College will advise students that VET course progress will be recorded for every unit. Students will receive a Unit Outline that indicates the timetable for the unit, the assessment tasks and the due dates for assessment tasks to be submitted.

The recording of progress will be at the end of the unit.

Students must maintain a minimum 50% satisfactory performance in the unit across the assessments. This will be marked within each unit and depend on:

- A. Attendance at compulsory classes – lectures and tutorials where assessment will occur such as oral assessments and practical tutorial assessments.
- B. Completion of summative Assignments or Projects

### **Trainer reporting of course progress**

Trainers will complete the end of unit results for every student.

### **Review of the course progress and decision to intervene**

The results will be reviewed by the Director of Studies

1. At the end of the unit:

The Director of Studies will consult with the Trainer on the end of unit results.

2. If the student has been deemed Not Yet Competent (NYC) in the unit.

3. Students who have been deemed Not Yet Competent (NYC) in the unit but have maintained 70% attendance will be offered the chance to:

Re-sit the written tasks OR

Re-submit the project

The students work will be remarked.

4. Students who have been deemed Not Yet Competent (NYC) in the unit and have not maintained 70% of attendance will not be offered the chance to:

Re-sit the written tasks OR

Re-submit the project

Students have the right to appeal this decision.

5. The Director of Studies will decide with the most appropriate intervention. There may be consultation with the Directors for a student who has serious attendance problems across the study period and has not gained satisfactory performance in 50% of the units in that semester.

### **Recording the results in the student management database**

Results for each unit are recorded in the NTA RTO Manager System at the end of unit at the end of term.

Where a student has failed to achieve satisfactory course progress this is recorded and reported.

Reports of results for each group and VET course will be generated and provided to the Director of Studies.

### **Notification to the student of results and the intervention strategy**

#### **Intervention strategy for a unit**

Where a student falls below the minimum satisfactory requirements for the unit a letter outlining the NTA intervention strategy will be sent and it may include any or all of the support strategies.

- A. Offer to re-submit written work
- B. Offer to re-do a major assessment
- C. Offer of academic counselling and a meeting with the Trainer or Director of Studies
- D. Offer to attend tutorials in the following term

Final unit results will be available to access for the student through RTO Manager system, and/or also displayed on the student noticeboard.

**Intervention strategy for students failing units across the study period**

A course warning letter will be sent advising the student of below satisfactory progress in a majority of units in the study period (9 weeks / 1 term).

The student will be asked to meet with the Director of Studies

The intervention may include any or all of the support strategies:

- A. Counselling on course selection
- B. Counselling to clarify if personal situations are impacting on student results
- C. The option of repeating a unit in a later semester or the summer term
- D. Offer to attend tutorials in the following term
- E. The cost of repeating a unit and tutorial support
- F. Transfer options for the student
- G. Clarification of student visa implications for continued unsatisfactory progress in the second study period
- H. The complaints and appeals process and the fact that the student has 20 working days in which to follow this up.

The intervention meeting will be signed by the staff member and the student recorded in the students file. The record will be added to the student notes section in the database.

**Intervention strategy for students failing units in the second study period**

An urgent course warning letter will be sent advising the student of below satisfactory progress in a majority of units in the second study period. This will emphasise that the College is obliged by legislation to report the student's unsatisfactory progress in PRISMS and that this will mean the student is breaching visa conditions.

Information in this letter will indicate the student's progress towards completion of the course within the specified duration as in the student's CoE (Standard 9)

The student will be asked to meet with the Director of Studies

The intervention may include any or all of the support strategies:

- A. Counselling on course selection
- B. Counselling to clarify if personal situations are impacting on student results
- C. Transfer options for the student
- D. Clarification of student visa implications in the second study period.
- E. The complaints and appeals process and the fact that the student has 20 working days in which to follow this up.

The intervention meeting will be signed by the staff member and the student recorded in the students file. The record will be added to the student notes section in the database.

The intervention strategies will be available to staff and students:

- On the website
- In the student handbook
- In the policy here that is accessed by trainers, counsellors and administration staff.

**Directors' discretion to consider compassionate or compelling circumstances**

Compassionate or compelling circumstances are generally those beyond the control of the student and which have an impact upon the student's course progress or wellbeing. These could include, but are not limited to:

- serious illness or injury, where a medical certificate states that the student was unable to attend classes;
- bereavement of close family members such as parents or grandparents;
- major political upheaval or natural disaster in the home country requiring emergency travel and this has impacted on the student's studies;

- or
- a traumatic experience which could include:
  - involvement in, or witnessing of a serious accident; and
  - witnessing or being the victim of a serious crime and this has impacted on the student (these cases should be supported by police or psychologists' reports)
- or
- where the registered provider was unable to offer a pre-requisite unit.

In these circumstances, the Directors may use professional judgment to assess each case on its individual merits. When determining whether compassionate or compelling circumstances exist, NTA will request documentary evidence to support the claim where available and will keep copies of these documents in the student's file. We will make notes of the decision in the student file.

### **Counselling and extra support**

The College is aware that sometimes students fall behind because it is difficult to study in a new country and study in English as a second language. We will offer counselling and extra support to students who demonstrate their commitment to studies.

The counselling advice and record of meeting will be retained in the students file or student notes section in the database.

### **Allowance for the complaints and appeal process before reporting unsatisfactory course progress**

The student has 20 working days in which to access the complaints and appeals process. This does not mean that the complaints/appeals process must be finalised within 20 working days.

Standard 8.4 requires that if a student chooses to access the provider's complaints and appeals process, the provider must maintain the student's enrolment while the complaints and appeals process is ongoing. For further information, see the Complaints and Appeals policy and procedure.

### **Reporting of students to Department of Education -DIBP**

The system will flag when a student has fallen below the minimum course progress across the two consecutive study periods as per Department of Education -DIBP policy.

Where the student has chosen not to access the complaints and appeals processes within the 20 working day period, withdraws from the process, or the process is completed and results in a decision supporting the College, the Director of Studies will discuss the outcome with the Directors.

NTA will notify the Secretary of Department of Education -DIBP through PRISMS of the student not achieving satisfactory course progress as soon as practicable. Good practice is to report the student through PRISMS within 5 days of finalizing the decision to report.

## SUMMARY OF COURSE PROGRESS NOTIFICATIONS AND ROLES
