Unique Student Identifier (USI) Policy

Nurse Training Australia will implement the national requirements for the Unique Student (USI) and will adhere to all legislative requirements under the USI Student Identifiers Act 2014 and Standards for NVR Registered Training Organisations 2015 and any amendments; this includes all Privacy requirements.

Procedure

- All students will be asked for their USI on enrolment.
- Pre-existing USI will be verified on enrolment.
- It is expected most students will be able to manage their own USI through the USI website. However, where a student is unable to obtain their own USI they can authorise a staff member to obtain an USI on their behalf by signing the Privacy Form.
- USI will be verified at enrolment
- USI must have been verified before issuing a Qualification or Statement of Attainment.
- For courses of one day or less duration we will issue a Statement of Attainment to students who have not been able to provide a USI before completion of training. We will inform all students who are unable to provide a USI that their training outcome will not be recorded on their USI account and will not be available in future years as part of the authenticated USI transcript service. This process will be reviewed at Jan 1 2017 in line with ASQA requirements.
- Students who are enrolled with us but who are studying overseas are not required to acquire a USI.
- Students who have a genuine personal objection to being assigned a student identifier may apply for an exemption to the Student Identifiers Registrar.
- Any information gathered to create a USI will be destroyed upon completion in line with the privacy policy. (Privacy Act 1988)
- The privacy of USI will be protected within all administrative tasks.
- Students will be informed as to when their new qualifications will appear on their USI record.
- A staff member will be designated to administer the USI system
- Staff will be will trained in all aspects of USI administration and access and all computer security checked to ensure all unauthorised access is blocked.
- Information regarding obtaining a USI will be published on the website and in the Student Handbook

Smart and Skilled – additional requirement

- Students will be directed to ensure access controls are to allow the Department and the Provider the appropriate levels of access to their USI records
